Alisa M. Land completes Master's

Alisa Land, Public Health Nurse with the ECDOH, completed her master's degree in nursing at D'Youville College. Her thesis was titled, "Attitudes of Registered Nurses Towards Computer Use in Their Nursing Practice." She has been actively involved in training nurses in the use of computers in order to adapt to the rapidly evolving technological changes in the nursing work environment.

Alisa has an advanced certificate in nursing education and has been a CPR instructor for over 11 years in her employment at the Erie County Department of Health.

Alisa plans to work on developing specialized computer programs designed to support the nursing profession and to continue to develop training methodologies for nursing professionals.
